

FARMESACO FZC (Reg. 17295)

For Building Materials, Plastic Products and Industrial Engineering Solutions

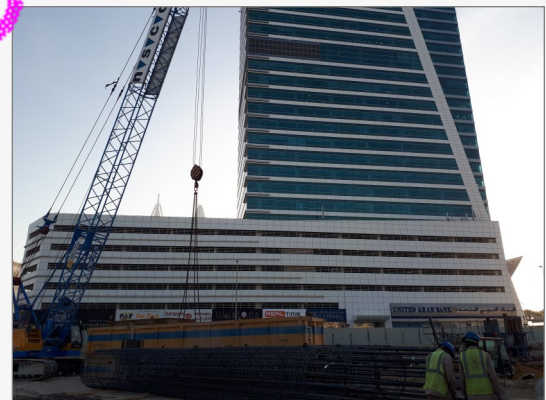

Pile Cage Spacers

To be attached to the external steelwork of pile cages to ensure correct spacing of the steelwork from the shuttering. FARMESACO’s pile cage spacers are made of high density plastic blend to ensure required concrete cover is maintained over the length of the steel piles. With its circular shape they are smoothly installed at the reinforcing cage without any damage. Pile cage spacers are available in both open and closed type and in 75mm(150mm outer dia) and 100mm (200mm outer dia) covers.

Sizes and Item Codes

Item Code (Internal Use)	Brand (Product Marking)	Cover (mm)	Rebar Dia (mm)
FMS- PS- O 75	RPCO	75mm	8-16mm
FMS- PS- C 75	NPC	75mm	8-16mm
FMS- PS- O 100	FARMESACO	100mm	8-20mm
FMS- PS- C 100	FARMESACO	100mm	8-20mm

Notes:

As a manufacturing facility we manufacture items based on market considerations with different brands. Hence, our items normally carry the marking as NPC/ RPCO for 75mm & FARMESACO for 100mm sizes.

Where We Supply

- NSCC— Al Sofouh, Dubai, UAE.
- NSCC— Ajman City Center Expansions, Phase 2, Ajman, UAE.
- MAST Piling— Burj 2020, JLT, Dubai, UAE.
- Swiss Boring- Deira Mall, J290. Dubai, UAE.
- Dutch Foundations- Barraquer Eye Hospital, Dubai Healthcare City, Dubai, UAE.
- Al Saharaa Gen, Transport and Clearance- Roads Links, Sheikh Khalifa Road, Al Madam, Sharjah, UAE.
